Next Meeting: Date: Wednesday, August 7

Time: 6:00 pm or earlier, 7 Mi. Rd. Flying Field

What's In This Issue:

The Midwest July Flying Meeting – The 2013 Mid-Am – Upcoming Events

The Midwest July Flying Meeting

The July 3 flying meeting had good weather but the wind was out of the south at a pretty good clip. Other than that, it was a beautiful evening. It was comfortably warm.

Many of the members joined us for the evening. As usual, **Jim Lapham**, served up an excellent field dinner.

There was quite a bit of flying by the more experienced members of the club, but the southerly wind played havoc with much of the training.

Be sure to attend the next flying meeting on August 7. Don't miss out on another great night of flying and friends! Get there early for the best parking spots.

The 29th Annual Mid-America Electric Flies

The all electric fly-in was held at our field on July 12 through July 14. The

weather was excellent on Friday and Saturday and got a bit steamy on Sunday.

Many Midwest RC Society members came out and volunteered their time to make this event a success.

Jim Lapham had the field in absolutely perfect condition. It could not have been better! Thanks Jim!

Pam Sockow, Jane Sumner and Chris Myers helped **Mike Russell** with the concession stand on Saturday, while Mike manned it on Sunday.

Dave Stacer provided the shade canopy for our volunteer parkers.

First reports indicate that Midwest's finances were boosted by this event.

Ken Myers and Keith Shaw thank all of the Midwest members for the use of their great flying field for the weekend.

Helicopter Frequencies

21,27,29,39, 41

Sailplane Frequencies

11, 12
