What's In This Issue:

The December Meeting - Upcoming Events

The December Meeting

The December meeting was our annual social meeting. Members brought many types of food to share and lots of good friendship and talk.

Jim Young flew his indoor/outdoor helicopter.

Folks gathered around in groups and shared past and future flying experiences.

A great time was had by all.

Helicopter Frequencies

21,27,29,39, 41

Sailplane Frequencies

11, 12

IMPORTANT: Channels 36 & 56 May NOT be used at the 7 Mile Rd. Field

Upcoming Events:

January 4, Wednesday Midwest monthly meeting. Aviation video at 7 p.m. followed at 7:30 by the regular monthly meeting

January Guest Speaker: Jim Young

Topic: How to prepare a plug for vacuum forming

Vacuum formed parts are very handy for dressing up an ARF or adding details to a scratch-built model. Jim will take us through the creation and preparation of a plug, including covering with glass cloth, priming and finishing the plug. Whether you want to dress up an

ARF, replace cracked cowls or canopies, or add some details to your latest model, the techniques presented by Jim will aid you in your venture.

Denny Sumner is shown with the rough canopy plug for his scratch-built Fury.
