**Newsletter Editor:**

Ken Myers

**Next Meeting: Date:** Wednesday, March 5

**Time:** 7:30 pm, EAA Building, Mettetal Airport

**What's In This Issue:**

The February Meeting - Date & Time Change for Indoor Flying in Brighton  
Upcoming Events

### The February Meeting

Arthur and Ken were not able to attend the February. **Lynn Morgan** ably took over to fill in for them and run the meeting. Here are his notes from the February meeting:

Despite the cold temperatures and crazy amounts of snow, we managed to have the February meeting with 17 brave souls attending!

**Larry Markey** was our guest speaker. His topic was "An Introduction to Multi-copter Flying & Introduction to FPV Flying". Larry did an outstanding job which included many supporting video clips and a quite an assortment of equipment giving us an excellent overview in what is taking place in this technology today. Several of the FPV and Camera video clips came from many different parts of the world. One of the last clips played was very beautiful and had a surreal quality to it.

We had one guest this evening. He was interested in multi-copters and has been looking for possible training. He is considering joining our club. Larry gave him a good run down on where to start.

Larry also raffled off three of his planes to those in attendance.

### Brighton Indoor Flying Date & Time Change

From Jim Young via email

The Hamburg Flyers R/C Club have partnered with the Legacy Center of Michigan to continue to offer indoor flying.

Indoor flying at Michigan's Largest Indoor Soccer Field. The Legacy Center is an inflated dome covering a 105,000 sq.ft. field with 85+ foot ceiling. There are separate flying areas for helicopters and quads (130 class and smaller), general

**Helicopter Frequencies**
