**What's In This Issue:**  
The April Video - Learning About LiPo Batteries:  
Part 3 by Ken Myers - April Midwest Meeting Notes -  
April Show and Tell- Upcoming Events

**The April Video**

The April Aviation video was about jets of the Luftwaffe. It included information about operational and proposed models. It was extremely interesting, and bit scary, had they succeeded!

**Learning About LiPo Batteries:  
Part 3**

A Presentation by Ken Myers

Ken's full presentation, parts 1, 2, and 3 are online at <http://www.theampeer.org/Learning-LiPo/Learning-LiPo.html>

Part 3 of his "Learning About LiPo Batteries" investigation included a bit of LiPo history, where many of the use and care recommendations came from, and why actual FACTS regarding almost all aspects of Lithium Polymer Pouch Batteries (LiPo Batteries) are difficult to come by.

**The April Meeting**

**Arthur Deane**, started the meeting by asking members how they enjoyed and what they saw at the Toledo RC Expo.

**Dave Stacer**, treasurer, noted that the Friends of the Field donations have continued to trickle in.

**Arthur Deane** reminded the members that donations to the FOF fund are essential to our operating budget.

**Ken Myers** noted that he has received the sanction from the AMA for the July 9 and 10 Mid-America Electric Flies.

**REMINDER:** Always check the Web site for latest field use updates!

**Show and Tell**

**Ken Myers** shared his FMS SuperEZ/ SuprEZ/Super EZ trainer that he will be using this flying season for student training. He has a complete review of this plane in the March and April *Ampeers*.

<b>Helicopter Frequencies</b> 21,27,29,39, 41
<b>Sailplane Frequencies</b> 11, 12
