A Priceless Sale at Our Swap Shop, Sunday, Nov. 18

From Pete Waters via email

The Midwest R/C Society has two tables available for selling items towards the field costs. Monies go directly to our field fund! We will welcome any donations of modeling items that are in decent condition, as we will be "Priceless" again, as that simplifies the selling.

Flyable models, engines, electric power, brushed or not, props, covering, kits, tools, anything you no longer really need, please.

Please bring your donated items to the Swap Shop (info on the next page) and place them on our tables.

All donations are truly appreciated!
Thanks for supporting YOUR club.

The October Flying Meeting

The often postponed October flying meeting was
finally held on Thursday, Oct. 25.

While the weather was less than ideal, the winds
were light under the thick overcast. The temperature
was about 50 degrees. All in all, it was not a terrible
day for flying, compared to the rest of October!

The Midwest glider league was out having a great
time flying there gliders, and there was even a bit of
lift to be found.
