**Cub Scout Pack 721 Visits MRCS**  
By Lynn Morgan  
On Thursday evening, August 29, we hosted a Cub Scout Fly-in for Pack 721 from Northville. The evening was a little cloudy, great temperature, mild winds, and a great time was had by all.

We started with demo flying with a very large aerobatic Piper Cub, aerobatic Yak, pattern ship demo, scale helicopter and a 3d helicopter demo that rocked the crowd.

Many thanks to Bill Brown, Ken Myers, Larry Markey, Pete Conlan, Paul Sockow, Dave Stacer, Arthur Dean, Jamison and Chris Boerema for all the great help that evening (hopefully I remembered everyone, if I missed you... Thank You)!

**Helicopter Frequencies**  
21,27,29,39, 41  
**Sailplane Frequencies**  
11, 12

The scouts enjoyed buddy-box flying and also watching 5 foamy combat airplanes attempt to cut streamers! Lynn Morgan was the evening's lucky pilot (secret is keeping your eyes closed when your getting really close) in managing to capture a streamer on his wing... the plane really sloooowes down with streamers hanging on the wing!

scouts or a cub scout den later this fall. We really appreciate all the work that went into this fun event!

From Wende Boerema, Pack 721 - Event Organizer

A big thank you to Midwest R/C Society from Northville Cub Scout Pack 721! More than 40 of our scouts, siblings and parents came out last Thursday for a great evening of model airplane and helicopter flying. Everyone enjoyed the show the pilots put on, with combat flying and aerobatics and lots more. 25 young scouts even got to try their hand at the controls. The hot dog BBQ potluck was a hit too. We even have several parents asking if Midwest R/C would be willing to host a small group of girl
