Next Meeting: Date: Wednesday, Sept. 7, 2022

Time: 5:00 p.m., 7 Mile Rd. Flying Field

What's In This Issue:

Summer Meeting Reminder - August Meeting - Ticks - 2022 Mowing Information - Eating and Gabbing Help Wanted - Upcoming CARDS of Lansing upcoming e-meet - Upcoming Weak Signals Swap and Fly - The Cub Scouts Visit the Flying Field - Upcoming Events

Summer Meeting Reminder

Please be aware that all summer meeting dates are tentative and may need to be changed/moved due to weather related issues.

Please check your email and the club Website, as the tentative date approaches, for possible last minute changes.

The August Meeting

The August meeting was held on the 10th because the previous week's weather was awful.

The meeting was quite brief and flying was the rule for the evening.

Larry Markey discussed the upcoming evening with the Cub Scouts at the flying field.

There was also some general discussion about Remote ID, but no one really knew anything for sure.

Larry discussing the Cub Scouts Event.
Roger Wilfong flew his new Lighting.

Tick Bite: What to Do

Ticks bites can make people sick. Below are some steps that you can take after a tick bite to reduce your chances of getting sick and how to get treatment promptly if you do get sick.

Remove the tick as soon as possible

1. Use fine-tipped tweezers to grasp the tick as close to the skin as you can.
2. Pull upward with steady, even pressure. Don't twist or jerk the tick.
3. After removing the tick, clean the bite area and your hands with rubbing alcohol or soap and water.
4. Dispose of the tick by flushing it down the toilet. If you would like to bring the tick to your healthcare provider for identification, put it in rubbing alcohol or place it in a sealed bag/container.

Consider calling your healthcare provider

In general, CDC does not recommend taking antibiotics after tick bites to prevent tickborne diseases. However, in certain circumstances, a single dose of doxycycline after a tick bite may lower your risk of Lyme disease. Consider talking to your healthcare provider if you live in an area where Lyme disease is common.

Watch for symptoms for 30 days

Call your healthcare provider if you get any of the following:

- Rash
- Headache
- Fever
- Muscle pain
- Fatigue
- Joint swelling and pain

Treatment for tickborne diseases should be based on symptoms, history of exposure to ticks, and in some cases, blood test results. Most tickborne diseases can be treated with a short course of antibiotics.

Common questions after a tick bite

Should I get my tick tested for germs?

Some companies offer to test ticks for specific germs. CDC strongly discourages using results from these tests when deciding whether to use antibiotics after a tick bite.

- Results may not be reliable. Laboratories that test ticks are not required to meet the same quality standards as laboratories used by clinics or hospitals for patient care.
- Positive results can be misleading. Even if a tick contains a germ, it does not mean that you have been infected by that germ.
- Negative results can also be misleading. You might have been bitten unknowingly by a different infected tick.

Can I get sick from a tick that is crawling on me but has not yet attached?

Ticks must bite you to spread their germs. Once they attach to you, they will feed on your blood and can spread germs. A tick that is crawling on you but not attached could not have spread germs. However, if you have found a tick crawling on you, it's a sign there may be others: do a careful tick check.

How long does a tick need to be attached before it can spread infection?

Depending on the type of tick and germ, a tick needs to be attached to you for different amounts of time (minutes to days) to infect you with that germ.

Your risk for Lyme disease is very low if a tick has been attached for fewer than 24 hours. Check for ticks daily and remove them as soon as possible.

Ticks!

From Denny Sumner via email

We are having a severe outbreak of tick infestation at the flying field this year.

Denny Sumner sent me the CDC info on tick bites that I've posted here.

Thank you Denny! :-)

Eating and Gabbing Help Wanted

From Pete Waters via email

We need help to fill the empty seats on
**Wednesday mornings at The Conners Coney
Island Restaurant** situated at the N.E. Corner of 5
Mile and Haggerty.

We meet at 7:30 a.m., and cover many topics,
except Politics and Religion.

This get together, used to have several tables
filled, but time has passed, and now we're down to
just a few. This is an ideal stop off for the field
workers, breakfast and then the field. Please make an
effort, we used to be **"The R.O.M.E.O." Group,**

The Cub Scouts Visit the Flying Field

Larry Markey did a great job arranging this visit. Unfortunately, we thought the weather was going to wipe us out.

Rain moved into the area about 4:30, and it continued to rain, and pretty hard at times, until about 5:45. Then, all of a sudden, just before the scouts and their families began to arrive, the sky cleared and we had the most perfect evening for this event!

MRCS president, **Greg Eilers**, welcomed everyone to the flying field.

Pete Conlan lead off the evening with an eye popping helicopter flight. That got the crowd going for sure.

Larry Markey demonstrated his ducted fan. Everyone loved his precision flying and the sound of his ducted fan/jet.

Combat was next, with four Bloody Barons in the mix. As usual, it was very exciting for the spectators, even though no streamers were cut.

Finally, all of the Cub Scouts, their siblings, friends and parents were introduced to flying remote control planes, with five stations running buddy boxes.

The Cub Scouts had their pack meeting, just as the weather was clearing.

Greg Eilers welcomed everyone.

Pete after his great flight. Notice the great weather!

The cars show the amount of folks at the field and the weather is seen clearing.

An hour and a half before the scouts arrived, the members were huddled under our sunshade and wondering if this evening's activities would even come off.

But they certainly did!!!

Thanks Larry for organizing such a great event!

The spectators enjoyed the T-28 Pylon Race.
